FRANKFORT.

J. H. JOHNSON, Editor.

MONDAY.....MARCH 11, 1861.

EIGHTH CONGRESSIONAL DISTRICT.

For Congress:
JOHN J. CRITTENDEN.

We are authorized to announce J. R. BARRICK a candidate for State Treasurer at the ensuing August election
mr11-w&tw1d

When Mr. Breckinridge was running for the Presidency—to please Mr. Yancey—his followers in Kentucky were most indignant when it was suggested that he was the candidate of the disunionists, and that by his running he would divide the strength of Democratic party, secure the election of the Lincoln, and thus give the precipitators a pretext for their treason. They denied the statement with all their might. They repelled the insinuation with a great show of indignation and an unnecessary exhibition of vixenish temper. They pretended that their little feelings were hurt, and shed quarts of crocodile tears over the desecration of the fair fame of "Kentucky's favorite son."

Now they say it is too late to talk about the dangers of dissolution; that the fact already exists. The States that went for Mr. Breckinridge have destroyed it by power of attorney given to Breckinridge electors. They boldly avow secession doctrines, and have transferred their grief—gotten up by the aforesaid insinuation against Kentucky's only son—from the afflictions of that patriotic young man to the deplorable attitude now occupied by Kentucky. From last secession advice, we learn that Kentucky is a "submissionist," and is in great danger of "submitting to Lincoln's Administration!" Hence the flow of tears from the far-seeing eyes of Mr. Breckinridge's Colonels.

If the people of Kentucky had handed the State over to the control of these ardent spirits last November, we would have been in a pretty pickle now, wouldn't we? We should have been by this time the border—the outside wall of a Southern Confederacy. Our wits and our property would have been taxed for the purpose of paying the expenses of that past-board President, Jeff Davis, and his amusing cabinet of remarkable statesmen. It requires but a glance at what is, and what would have been, had the Breckinridge party prevailed, to convince one who loves the Union that Kentucky, by rejecting Mr. Breckinridge last November, did a very proper thing.

The Selma (Ala.) Issue, a rattlesnake paper, in speaking of the probability of the border slave States following in the wake of S. C., says:

"We do not want such elements in our new Confederacy. We desire no association with unwilling States, who, forgetful of every obligation of political consanguinity, and governed only by a cancerous selfishness, come to us for shelter when they can nowhere else."

That will compare favorably with the general intoxicated outgivings of the Southern Confederated Press. The idea of the border slave States going to these inflated sapheads for protection is worthy of South Carolina and her statesmen. It would do honor to Wigfall. Who does not know that the border slave States have always protected the cotton States from the thieving depredations of the Abolitionists; and who does not know that in the event of a civil war the border slave States would stand between the extreme North and the extreme South, do all the fighting, while these cotton fanatics would stand back in safety and do all the blowing? If there is anything that is disgusting and ridiculous beyond expression, it is the strained and feverish style of these Southern Confederacy editors, who write under the combined inspiration of bogus patriotism and Cincinnati rectified whiskey.

COUNTY JUDGE.—Chas. F. Craddock, Esq., is announced as a candidate for County Judge. He is doubtless well qualified for the office, and is, like all young candidates, sanguine of success. Mr. Robert H. King, who is also running, is also sanguine of success. From present appearances there will be eight or ten more candidates in the field, all of whom—after the invariable manner of candidates—will be sanguine of success. Without doubt, all of them would make a good judge, but owing to an unfortunate peculiarity attending our constitution, only one of them can be elected. We trust that the candidates all come out they will hold a convention and settle it amongst themselves, so that only one Union man will be before the people of Franklin county for that office.

James R. Barrick, Esq.

To-day we announce this gentleman as the Union candidate for the office of State Treasurer, to be elected next August. Mr. Barrick is a gentleman well qualified for the position, and one who has by his high moral character and brilliant talents won for himself a host of friends. When disunionism was first inaugurated in Kentucky by the nomination of J. C. Breckinridge for the Presidency, Mr. Barrick placed himself in unmistakable opposition to the movement, and has since that time been a bold, fearless, and efficient Union man.

HOMICIDE.—Thomas Green, who returned from Texas on Monday, was shot and killed by Boone Judy, at Mount Ida, Montgomery county, Ky., on Tuesday last. Green's familiarity with Judy's wife, it is said, led Judy to attack him. Judy was arrested and lodged in jail at Paris, but subsequently made his escape.

SECESSION IN MISSOURI.—The St. Louis Republican thus speaks of the State Convention now in session in that city:

THE CONVENTION.—This body was occupied yesterday chiefly with receiving resolutions which were mostly referred to the Committee on Federal Relations. They were, it will be seen, declarative of a variety of opinions and propose different plans, looking to a settlement of our national troubles, and the preservation of the Union. It would be presuming to predict the final results of the deliberations of the Convention; but it may be safely pronounced now, that secession finds no favor with it.

ACCIDENT.—On Friday morning as the stage was about to start from Harrodsburg to this city, the horses became frightened and unmanageable. The coach was run against a curb stone and overturned. A negro named Cook was killed. The passengers were more or less injured, among whom was Governor Magoffin, who had his left arm broken at the shoulder. We are glad to learn that his injuries are not considered dangerous, and that he will probably be able to return to his home in a few days.

FIRE.—On Thursday evening last the house of Mr. Wm. M. Todd, about two miles from Versailles, was burned to the ground. We understand that it took fire on the roof from sparks from the chimney. Nearly all the valuable furniture was saved, most of it but slightly injured. But the loss to Mr. Todd is a serious one. The house was one of the best built and most conveniently arranged that we have ever seen, and nothing is left but the bare walls, and as he had no insurance his loss cannot be short of \$5000.

INFORMATION WANTED.—Mrs. Margaret Powell, of Lexington, desires to hear from her husband, James Powell, a carpenter by trade. When last heard from he was in Danville, Ky. If this should meet the eye of the wandering James, he is requested to gather up his traps and trot home to Mag.

In another part of this paper we publish extracts from a speech delivered by Mr. Horace Heffren in the Indiana Legislature. We read the speech with a great deal of interest, and have no doubt our readers will find much in it to amuse and instruct.

Senator Johnson, of Tennessee, on Saturday, when invoking a spirit of love and devotion for the Union, received a response from the crowded galleries which culminated in three terrific cheers for the Union.

THE POST-OFFICE AT NEWPORT.—The Rev. Wm. Andrews, formerly of the Floating Bethel at Cincinnati, has been appointed Postmaster at Newport, Ky., vice Dr. John Quincy Adams Foster, resigned.

Harper's Weekly of last week has a portrait of General Twiggs, the traitor. His hair is parted in the middle. Could anything better than treason be expected of such a monkey?

A new postoffice has been established at Duckert, in Woodford county, on the Lexington and Frankfort railroad, and Mr. Dishman has been appointed postmaster.

The Hon. Joshua F. Bell will address the citizens of Lincoln county, at Stanford, to-day.

THE LITTLE ONES.—Do you think how much a child does in a day? How, from sunrise to sunset, the dear little feet patter around, to us, so aimlessly. Climbing up here, kneeling down there, running to another place, but never still. Twisting and turning, rolling and reaching and doubling, as if testing every bone and muscle for future uses. It is very curious to watch it. One who does so may well understand the deep breathing of the rosy little sleeper, as with one arm tossed over its curly head, it prepares for the next day's gymnastics. Tireless through the day, till that time comes, as the maternal love that so patiently accommodates itself, hour after hour, to its thousand wants and caprices, real or fancied.

A busy creature is a little child. To be looked upon with awe as well as delight, as its clear eye looks trustfully into faces that to God and man have essayed to wear a mask. As it sits down in its little chair to ponder preciously over the white lie you thought it "funny" to tell it.

NEXT THING TO AN ANGEL UPON EARTH.—A gentleman walking through Knightsbridge on Sunday, overheard the following conversation between a man and a woman, who appeared as if just come from some pleasure trip into the country.

Woman—"Blow me, Bill, how tired I do feel. I'm as miserable, too, as a starved herring. What a miserable world is this! I wish I'd never been born, that I do; and now that I'm born, I wish myself dead again."

Man—"Why, Bet, what's the matter with you now? What are you grumbling about?"

Woman—"Why, don't I tell yer I'm as miserable as a rat?"

Man—"Miserable, indeed! Why, what on earth would yer have? You was drunk Monday, and you was drunk again Wednesday, and I'm blest if you haven't had pretty near enough to-day. If that ain't enough pleasure for yer, I don't know what is. I suppose you wants to be a downright hangel here upon earth.—English paper.

A "conundrum by induction" must have cost the Knickerbocker a good deal of labor.

Why is a bee-hive like a bad potato? Because a bee-hive is a bee-holder; And a beholder is a spectator; And a speak-tater is a bad potato!"

The Washington Territory Standard says that a man can be released from his duties to society and offspring in the Legislature of that Territory in one and a half minutes.

CURERS. The sudden changes of our climate are sources of PULMONARY, BRONCHIAL, and ASTHMATIC AFFECTIONS. Experience having proved that simple remedies often act speedily and certainly when taken in the early stages of the disease, recourse should at once be had to "Brown's Bronchial Troches," or Lozenges, let the Cold, Cough, or Irritation of the Throat be ever so slight, as by this precaution a more serious attack may be effectually warded off. PUBLIC SPEAKERS and SINGERS will find them effectual for clearing and strengthening the voice. See advertisement.

TO THE BREEDERS OF FINE JACK STOCK!

THE undersigned take this method of informing the owners of fine Jennets, that the services of

ORESTES AND DON RIBO

Can be had for the present season on the terms appended. ORESTES will be 4 years old on the 9th of June next, black, with nearly nose, 15 hands 3 inches high, and of superior form, bone and style. As evidence of what is here affirmed, it may be stated, that he won the first prize among the entire get of his sire (Napoleon 3d) as a colt, in the fall of 1857; the first prize in his class at the Lexington Fair, in 1858, and the sweepstake at the same time and place—these being his only exhibitions till 2 years old. In 1858 he won the first prize, in his class, at Winchester, and also at Paris Fairs; the first prize in his class at the Kentucky State Fair, and also the sweepstake; the first prize in his class at the Indiana State Fair, and the sweepstake; thus having never been beaten in his regular class, and the taker of the sweepstakes at two State Fairs, winning in one season \$245 worth of plate when only two years old. He was not exhibited last year, because of the entire season being pledged to breeders.

PEDIGREE. ORESTES was sired by John F. Paine's imported Jack, Napoleon 3d; dam, Ostell (the Red jennet), Osceola, and his grand dam by Logan, Osceola was got by old imported Mammoth, dam by imported Osceola, grand dam Moberly's old Palafax Jennet. Logan was sired by Teemusch (well known as Houghton's Jack), dam Selina by Ulysses, grand dam Calypso. Ulysses and Calypso were selected on the island of Malta, and imported by Commodore Rogers, and sold to Hon. Henry Clay.

DON RIBO Was imported by Messrs. Weare, Wilson & Co., in September, 1850, from the Province of Catalonia, Spain, and certified to be the pure Garzonian blood, will be 6 years old next Spring—black with nearly nose, full fifteen hands high, and of fine form and bone. We are assured by the importers, that his colts seen by them in Spain were of the most superior order, and formed an important consideration in our effort to bring him to America, although permanently injured in one of his ankles. He was selected by the undersigned from more than twenty others, with special reference to Jennet breeding.

TERMS.

ORESTES will stand this season, by the insurance, at \$50, payable when the Jennet is proven to be in foal or parted with. Persons desiring to insure, must deposit with the undersigned, the sum of \$100, or the equivalent in cash, by the addition of \$10 in the former case to the insurance price, or the deduction of \$10 in the latter, be accommodated.

DON RIBO will stand this season, by the insurance, at \$40—under the same conditions for a foal or parted with as above. Persons not desiring the conditions at the time of sending their Jennets, will be liable to the insurance price of that Jack to which they breed.

Pasturage will be furnished two months gratis, after that time \$1.50 per month. Grain fed at cost. Care will be taken to prevent accidents, but no responsibility should any occur.

The Great Premium Jack, TUSCARORA!

(Formerly the Property of J. H. Sheffer.)

WILL make the present season at my farm, five miles from Lexington, on the Winchester and Lexington Turnpike, adjoining the farm of Dr. Nicholas Warfield, and will serve Jennets at FIFTY DOLLARS per season, the money to be paid when the Jennet is removed, or FIFTY DOLLARS the insurance, to be paid when the Jennet is known to be in foal or parted with. Jennets bred by the insurance and losing their foal, may be bred back next year free of charge, grain and grass excepted. Grass will be furnished two months free of charge, and after that time \$1.50 per month will be charged. And they will be grain fed if desired, on the usual terms. I have two hundred and seventy-five acres of fine grass as is to be found in Kentucky, and convenient lots to feed and stall in, and every race will be taken of Jennets, and their colts, sent to this Jack, but no responsibility for accidents and escapes, should they occur. The season has commenced, and will expire the 1st of December.

TUSCARORA is so well known as a Jack of unsurpassed merit, that I deem hardly description of him unnecessary. It is confidently believed that he is the best aged Jack in Kentucky, and this has been fully tested in the different rings of the Agricultural Fairs of the State before the best judges. He has taken premiums at all the Fairs, viz. at Lexington, Paris, Winchester, the State Fair, and has from a colt, up been beaten but twice. His blood, size, form, and appearance, eminently place him at the head of all animals of his class in the United States.

Description and Pedigree. TUSCARORA was 5 years old the 20th of June last, is 16 hands high, a beautiful black; mealy nose, is in fine health, with more smooth, good action than any large Jack I have ever seen.

He was sired by Mammoth Warrior, (the Rob Smith Jack), Mammoth Warrior was by Young & Everett's imported Mammoth, and out of a War-jennet. Tuscarora's dam, Isabella, was by Tippecanoe, gr. dam by Mohican, (a Jack purchased by Samuel Shannon, Esq., and brought to Kentucky,) a descendant of the Royal Gift; gr. gr. dam by Achilles, he imported by the Hon. Henry Clay. ISAAC O. ROBINSON.

MRS. WINSLOW.

An experienced Nurse and Female Physician, presents to the attention of mothers her

SOOTHING SYRUP, FOR CHILDREN TEETHING.

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation, and is sure to regulate the bowels. Depend upon it, mothers, it will give rest to yourselves and benefit and health to your infants.

We have just put up and sold this article for over ten years, and can say, in confidence and truth, of it, what we have never been able to say of any other medicine—never has it failed in a single instance to effect a cure, when timely used.

Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of the highest commendation of its magical effects and medicinal virtues. We speak in this matter "what we do know" after ten years experience of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with NEVER-FAILING SUCCESS in

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the system, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve Gripping in the bowels and Wind Colic, and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST AND SUREST REMEDY the world is in for cases of DYSENTERY AND DIARRHGA IN CHILDREN, whether it arises from teething or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between you suffering child and the relief that will be SURE, YES, ABSOLUTELY SURE, to follow this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world.

TAKE pleasure in informing the public that he has returned to Frankfort, and taken the Gallery of C. A. He is confident he will be able to please the most fastidious in any kind of picture they may desire, from a life-size portrait to the smallest Daguerreotype or Ambrotype. Also, Daguerreotypes of deceased persons enlarged to the size of Life and Colored in Oil, and satisfaction given.

I am also prepared to make those gems of Photography, the Daguerreotype, which is truly the most durable and beautiful picture yet produced.

The Ivorytype, (made only at this Gallery), is acknowledged by all to be the most beautiful style of Photographic pictures ever presented to the public. In brilliancy of tone and color, delicacy of finish, correctness of likeness, and durability, it is far superior to the best miniature on Ivory.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part, and it is no longer safe from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children upon the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which renders the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alternative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can afford, to drive every where prevailing and fatal malarial. It is combined from the most active remedies that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERECTILE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROY, ERYSIPELAS, PRYMPUS, PLEURISY, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER, and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYRILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and renovate the system, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action rarely without it, evade them. Their penetrating properties search and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitality. As a consequence of these properties, the individual who is lowered down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and invigorating.

Not only do they cure the every-day complaints of the bowels, but they are equally efficacious in the most dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for its use, in its full and complete form, to those who send for it, and who are afflicted with Stomach, Nausea, Indigestion, Pain in and Morbid Action of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other remedy in the treatment of these diseases is observed, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted that can never forget, and produced cures too numerous and too remarkable to be forgotten.

MISCELLANEOUS.

THE AMALGAMATION OF LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spalding's great Cephalic Pills, and will soon be used as a more general way, and the word Cephalic will become as common as Electrotrope and many others, whose distinction as foreign words has been worn away by common usage, until they seem "native and to the manner born."

Hardly Realized.

His 'ad 'n 'terrible 'eadache this morn'ing, hand I stepped into the hothouses hand says hi to the man, "Can you hease me of an 'eadache?" "Does it hache 'ard," says 'e. "Exceedingly," says hi, hand says that 'e gots me a Cephalic Pill, hand 'pon me 'onor it cured me so quick that I 'ardly realized I 'ad 'ad an 'eadache.

Headache is the favorite sign by which nature makes known any deviation whatever from natural state of the brain, and viewed in this light it may be looked on as a safeguard, intended to give notice of disease which might otherwise escape attention, and it is to be remedied, and its indications should never be neglected. Headaches may be classified under two names, viz: Symptomatic and Idiopathic. Symptomatic Headache is exceedingly common, and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism, and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach constituting sick headache, of hepatic disease constituting bilious headache, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headache. Anemia and plethoria are also affections which frequently occasion headache. Idiopathic Headache is also very common, being usually distinguished by the name of nervous headache, sometimes coming on suddenly in a state of apparently sound health and prostrating at times the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances the pain is in the front of the head, over one or both eyes, and sometimes provoking vomiting; under this class may also be named Neuralgia. For the treatment of either class of Headache the Cephalic Pills have been found a safe and sure remedy, relieving the most acute pains in a few minutes, and by its subtle power eradicated the diseases of which headache is the unerring index.

BRIDGET.—Missus wants you to send her a box of Cephalic Gels, no, a bottle of Prepared Pills, —but I'm thinking that's not just it neither; but perhaps ye'll be after knowing what it is. Ye see she's nigh dead and gone with the Sick Headache, and wants more of that same that relieved her before.

Druggist.—You must mean Spalding's Cephalic Pills.

Bridget.—Och! sure now and ye've sed it; here's the quarter, and give me the Pills, and don't be all day about it, aither.

Constipation or Costiveness.

No one of the "many ills flesh is heir to" is so prevalent, so little understood, and so much neglected as Costiveness. Often originating in carelessness, or sedentary habits; it is regarded as a slight disorder of too little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and unless early eradicated it will bring the sufferer to an untimely grave. Among the lighter evils of which costiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breath, Piles and other diseases of like nature, while a long train of frightful diseases such as Malignant Fevers, Abscesses, Dysentery, Diarrhœa, Apoplexy, Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melancholy and Insanity, find their origin in the system by this alarming symptom. Not infrequently the disease named originates in Constipation, but take on an independent existence unless the cause is eradicated in an early stage. From all these considerations it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as their timely use will expel the insidious approaches of disease and destroy this dangerous foe to human life.

A Real Blessing.

Physician.—Well, Mrs. Jones, how is that head-ache?

Mrs. Jones.—Gone! Doctor, all gone! the pill you sent cured me in just twenty minutes, and I wish you would send more so that I can have them ready.

Physician.—You can get them at any Druggist's. Call for Cephalic Pills, I find they never fail, and I recommend them in all cases of Headache.

Mrs. Jones.—I shall send for a box directly, and shall tell all my suffering friends, for they are a real blessing.

Cephalic Pills CURE Sick Headache CURE Nervous Headache CURE All kinds of Headache.

By the use of these Pills the periodic attacks of Nervous or Sick Headache may be prevented; and if taken at the commencement of an attack, immediate relief from pain and sickness will be obtained.

They seldom fail in removing the Nausea and Headache to which females are so subject.

They act gently upon the bowels—removing Costiveness.

For Literary Men, Students, Delicate Females, and all persons of sedentary habits, they are valuable as a Laxative, improving the appetite, giving tone and vigor to the digestive organs, and restoring the natural elasticity and strength of the whole system.

THE CEPHALIC PILLS are the result of long investigation and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffering from Headache, whether originating in the nervous system or from a deranged state of the stomach.

They are entirely vegetable in their composition, and may be taken at all times with perfect safety without making any change of diet, and the absence of any disagreeable taste renders it easy to administer them to children.
